The Pasadena ISD Education Foundation Board of Directors is proud to present the 2016 Annual Report. Please take a brief moment to explore our past year of success and share in our dreams of providing continued support to the school children and educators of Pasadena ISD for years to come.

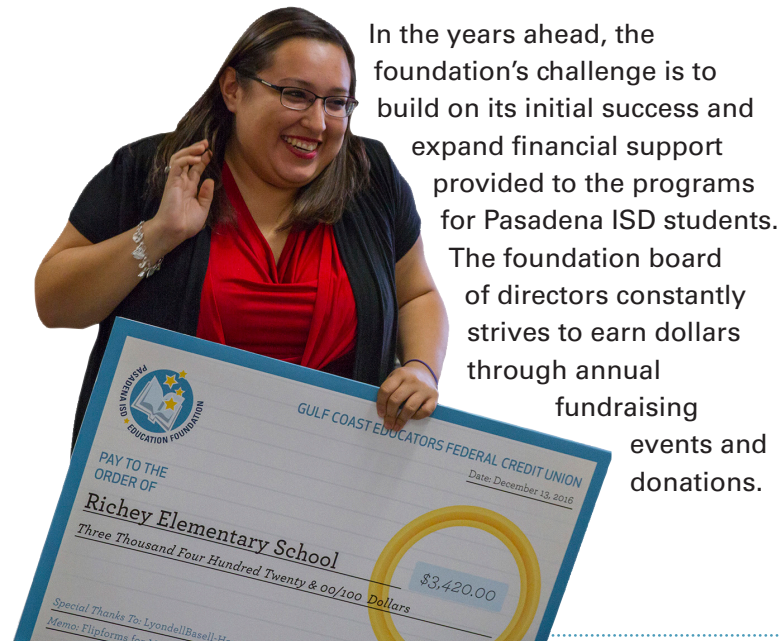

\$2,188,685.58

594 MINI-GRANTS

Since 2003, the Education Foundation has helped to bring dreams to life for educators and students alike while awarding \$2,188,685.58 in the form of 594 mini-grants given across the district. In addition to the \$198,000.00 the foundation has given another \$124,300.00 in designated donations and board approved funding for campus programs this year.

Though great strides have been made in helping to enhance the education of our students, for every bright idea submitted, there are usually two more that do not get funded because monies are not there.

In the years ahead, the foundation's challenge is to build on its initial success and expand financial support provided to the programs for Pasadena ISD students. The foundation board of directors constantly strives to earn dollars through annual fundraising events and donations.

We have broadened our scope to include grant requests to corporate and private foundations.

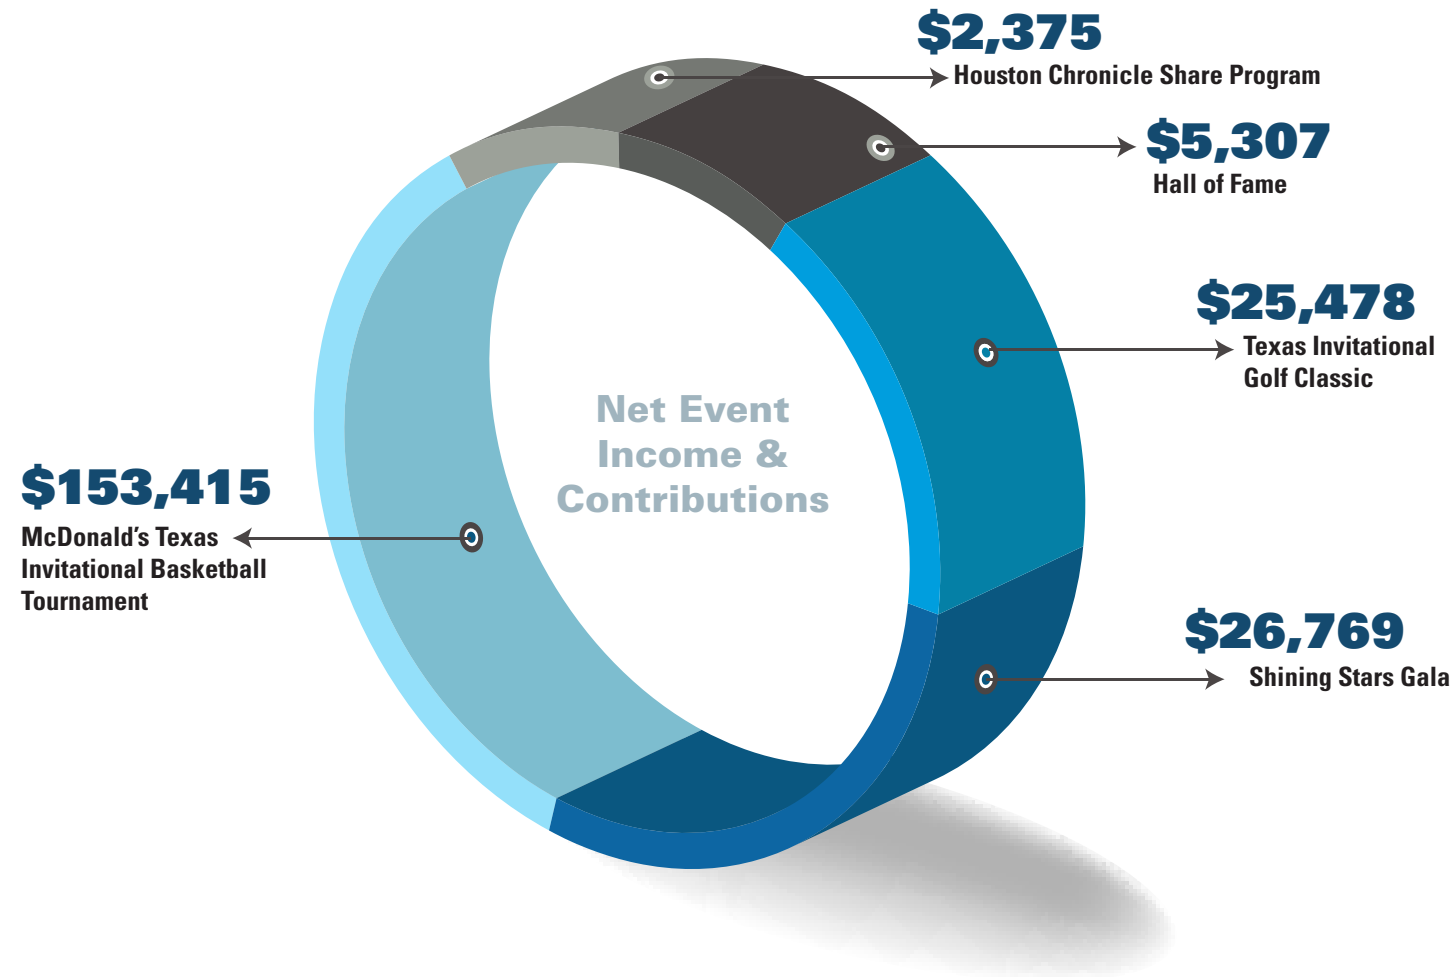

Would you include the foundation in your charitable giving this year?

About the Education Foundation

The Pasadena ISD Education Foundation is a non-profit 501 (c) (3) organization, which raises money to fund mini-grants of up to \$5000 for district educators' classroom ideas or campus programs. These learning projects likely would not otherwise be funded by the regular school budget.

The mission of the Pasadena ISD Education Foundation is to enhance the quality of educational services to promote an exemplary educational system. The Foundation will collaborate with the community to reward innovative teaching, promote educational excellence, provide educational and leadership opportunities to students and to recognize the teachers and staff of the Pasadena Independent School District.

THE MCDONALD'S TEXAS INVITATIONAL CHECK PRESENTATION

was held in February in conjunction with the Donor Luncheon celebrating the 2016 tournament's success. Steering Committee officials gave recognition to sponsors and volunteers with **Kathy Bailey** being named **Volunteer of the Year**. Chairman Kirk Lewis presented the giant check to the Pasadena ISD Education Foundation in the amount of \$153,415.14.

PRIZE PARADE In May and December of 2016, the Education Foundation "Prize Parade" surprised campuses across the district with the awarding of mini-grants to educators. This festive assembly of foundation directors and donors brought oversized checks to be presented to the classroom teacher or educator(s) who submitted the grant application.

FOUNDATION DONOR LUNCHEON

The Education Foundation celebrated our generous donors and sponsors in the month of February with a luncheon at the Dr. Kirk Lewis Career and Technical High School. All 2016 contributors were invited to attend to see and hear from mini-grant recipients and well as witness the check presentation from the McDonald's Texas Invitational Basketball Tournament. Those in attendance were given the option to tour the campus after the program.

SHINING STARS ACADEMIC RECOGNITION GALA

In May of 2016 the Education Foundation honored those seniors whose academics shine the brightest on their campus. Ten students with the highest grade point averages from each PISD high school were invited along with their parents and the teacher "who had the most impact on their education." It was a star-studded event with foundation donors, board members and the community all coming together to recognize the success and accomplishments of this elite group of young people and educators. **LyondellBasell Houston Refining** sponsors the event providing decorations and volunteers. To add to the excitement, **MDL Enterprises, Inc.** donated computer devices for each student.

Foundation supporter **CommunityBank of Texas** was honored as the **2016 Community Shining Star.**

TEXAS INVITATIONAL GOLF CLASSIC

In June, the 5th Annual Texas Invitational Golf Classic was held at Timber Creek Golf Club. The golf tournament was organized by Chairman Jack Bailey and committee to raise funds and awareness for the McDonald's Texas Invitational Basketball Tournament. There was a full roster of teams, sponsors and hole sign sponsors adding over \$25,000.00 to the overall tournament income for 2016.

MCDONALD'S TEXAS INVITATIONAL BASKETBALL TOURNAMENT

The McDonald's Texas Invitational Basketball Tournament is the primary fundraiser for the foundation. Run solely by volunteers and sponsored by local business, industry and corporations, it has become one of the most respected and sought after tournaments in the state. Set in 9 different venues, the 2016 tournament hosted 32 girls' teams and 48 boys' teams from Texas. The Boys Gold Championship game was streamed live on FoxSports.com. Co-hosted with Deer Park ISD for the sixth year, the tournament gave back approximately \$200,500.00 to both foundations collectively.

FOUNDATION LIAISON MEETING

The annual meeting of the foundation liaisons was held in September for campus representatives across the district. Those attending were given upcoming plans for the foundation. The liaisons help by getting the word out on their campus about the happenings of the foundation. They are instrumental in assisting with the Cornerstone Club Competition held in October.

FOUNDATION AWARENESS MONTH

During the month of October, several events were held to heighten awareness of the PISD Education Foundation in the community and within the district.

A competition was held between campuses to see who could recruit the most members in the **Cornerstone Club**. The club is made up of district employees who contribute to the foundation by payroll deduction and one time donors. Winning campuses were awarded cash prizes and individual incentives were given to members whose names were randomly drawn. This year, **Gulf Coast Educators Federal Credit Union** donated t-shirts and hoodies to all Cornerstone Club members who met the annual donation requirement. Foundation directors donate gift cards that are awarded by random drawing to Club members.

2016 SPRING MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
TURNER ELEMENTARY Stephanie McKissick, Janice Smith, Pamela Morren	REACHING ALL READERS Guided Reading is a researched-based strategy teachers use to meet students at their instructional reading level and lead them to increase that level. Mondo Publishing offers leveled books of high interest topics which help in motivating students to read. This series of books challenges all levels of readers: below grade level, on grade level, as well as above grade level. This program would be utilized daily to support students. This particular reading program focuses on higher level thinking skills, like inferring. Each level contains all genres the students learn in the classroom and can expect to see on the STAAR.	\$4,769.00	Gulf Coast Educators FCU
	ILEARN THROUGH IPADS iLearn through iPads is a proposal to integrate digital learning into the fourth grade curriculum. iPads are a great tool to use to ignite a passion for learning. By the students using iPads, it will hopefully create life-long learners while strengthening their 21st century technology skills. The applications that will be utilized on the devices will provide an engaging way to support the scaffolding of student centered learning. This will also be a useful tool to reach diverse learners. Technology enhances and maximizes authentic learning opportunities for all students.	\$4,842.00	Community- Bank of Texas
		\$96,467.00	

2016 SPRING MINI-GRANTS *...continued*

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
PARK VIEW INTERMEDIATE Garrett Sanborne, John Muir	STEEL DRUM BAND SUPPLIES Park View Intermediate is the only intermediate school in the Pasadena area with an authentic Caribbean Steel Drum Band. The band performs several times a year at school functions and also off campus in the community. The Steel Drums themselves are on temporary loan from San Jacinto College Central, but the stands used to hold the drums (and the mallets to play them) are very old and need to be replaced. New high-quality equipment will allow our group to continue to share this diverse World Music with students, teachers, and the community for years to come.	\$1,491.00	<i>Office Max</i>
PASADENA HIGH SCHOOL Emily Dabney, Elaine Baker	MEDIA CENTER 1:1 SUPPORT PROJECT In an effort to better support the district's one to one initiative we would like to update our media center's furnishing to accommodate our students and staff. This update would include a new flat screen monitor to display information and allow for teacher use by connecting a device, as well as seating with tables attached to accommodate tablet use and areas for charging.	\$5,000.00	<i>PHS Class of 1972</i>
SOUTHMORE INTERMEDIATE Jacquelyn M. Trejo, Nicholas Furman, Jordan Dent	B.A.C.E B.A.C.E (Bulldog's Academic Collaboration to Excel) consist of Pre AP History, Science, Math & ELAR students that will serve as peer mentors. Each honor student will be partnered up with an ELL student and serve as a coach to assist with clarity of content, establish a content foundation, vocabulary development and a deeper knowledge of the specific content. If students attend 7 of the 8 sessions, they qualify for a cultural field trip to NASA. Participants include 40 Pre AP students and 40 ELL students.	\$4,800.00	<i>ABC Dental</i>
SPARKS ELEMENTARY Alise Neff, Mary Hall, Jeff Locklear, Natalie Sass	MOVING MINDS Research shows that students engaged in kinesthetic learning improve memory retention, reinforce academic concepts, balance brain chemicals while experiencing whole-brain, whole-body learning. This is our opportunity to take the latest Neuroscience and apply it to education and have a better understanding of healthy living. This grant request would be an extension of a previous Mini Grant received. We have seen such a difference with kinesthetic learning in the labs that we would like to apply it to the classrooms. Some stools were incorporated in classrooms this year. We would like to add additional stools to classrooms not yet complete.	\$4,950.00	<i>Neighbors Emergency Center</i>
THOMPSON INTERMEDIATE SCHOOL Kimberly McCalla, Gina Gibson, Naoreen Shafi, Carol Waters, Linda Haas, Lauren Aragon, Joshua Pruneda, Brienne Wilson	STEM MAKERSPACE In order to foster and extend interest in the areas of Science, Technology, Engineering, and Mathematics (STEM) during students' intermediate school years, Thompson will create a STEM focused MakerSpace in its library. This space will be a safe environment for students where they can explore and create using engineering and software kits such as Snap Circuits, Little Bits, Makey Makey, Raspberry Pi, K'NEX, and LEGOS Mechanisms. These STEM activities will bridge the gap between middle school and high school, helping to spark and nurture students' interests in these ever growing fields of study.	\$3,447.00	<i>Collier Construction</i>

2015 FALL MINI-GRANTS

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
ALL HIGH SCHOOLS W/HOSA April Weisedel RN, Darla Massey-Jones	THE LIFE THEY SAVE MAY BE YOURS! We are requesting a mini grant to purchase CPR equipment so that we may certify HOSA students in Healthcare provider CPR, a requirement to work in the health industry. Currently, the students must go outside of the district to obtain this credential as required by their course. This barrier requires the student to find a class and pay an average of \$75 per student. As a current American Heart Association Training site, we have the ability to train during hours at a cost of \$6 to the student, I'm a certified instructor. All we need now is the equipment.	\$4,995	<i>Neighbors Emergency Center</i>
BEVERLY HILLS INTERMEDIATE Cindy Burton, Laura Dossman	"READERS TODAY.....LEADERS TOMORROW" INITIATIVE The "Readers today...Leaders tomorrow" initiative will enable teachers to provide students with high-interest, well written texts in both fiction and nonfiction selections from the Fountas & Pinnell Leveled Literacy Intervention program to motivate 7th and 8th grade students who are performing below grade level, our ELL students, and higher leveled global learners. Students will work in small groups with a certified teacher, who will deliver specialized instruction in intentional vocabulary development, fluency, and deep comprehension skills. Our goal is for every child to reach grade level competency in literacy.	\$4,998.00	<i>BASF</i>
BOBBY SHAW MIDDLE SCHOOL Meagan Cantu, Kelly Breidentha, Andrea Brownlee, Juana O'Connor, Julie Mulkey	BUCKS FOR BOOKS A highly respected educator and author, Nancie Atwell said, "The job of adults who care about reading is to move heaven and earth to put that book into a child's hands." Unfortunately, the culture of our students' population has lost the love of reading, which directly influences their scores and attitudes toward school. Bucks for Books aims to put high-interest books in the hands of all students at Bobby Shaw Middle School to spark an interest in reading.	\$5,000.00	<i>ABC Dental</i>
DR. KIRK LEWIS CAREER AND TECHNICAL HIGH SCHOOL Andrea Nguyen, Kristi White	"TAKING CTHS' AV PROGRAM TO NEW HEIGHTS" The CTHS Audio and Video Production program is part of an exploding CTE pathway that teaches students more than just how to shoot and edit videos. Our four-year program covers everything from principles to practicum of AV production. Our students get to tour TV stations and production sets, get hands-on training with the latest tools of the trade, obtain industry certification, and land internships and jobs right out of high school. Whether it be newscasts, corporate videos, movies, commercials, or PSAs our students learn to produce engaging, memorable and purposeful videos that aim to inform, entertain, inspire, and improve lives.	\$4,989.00	<i>Center- Point Energy</i>
GOLDEN ACRES ELEMENTARY Julie Sorensen, Jennifer Gonzales, Erika Rodrigues, Sheila Strother, Karen Ledoux, Lisa Waldrop	TECHNOLOGY ADVANCEMENT IN 3RD GRADE The third grade teachers are faced with the reality of students not performing at or above grade level in reading and math content areas. We want to provide the first grade classrooms with multiple iPad Minis to aid the twenty-first century learners. iPad Minis will increase student engagement, offer intervention support for struggling students and enrichment for the accelerating students. Along with support, the iPads will enhance student's technology skills and offer a variety of educational applications.	\$5,000.00	<i>Shell Pipeline</i>

2015 FALL MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
GOLDEN ACRES ELEMENTARY Wendy Sullivan, Argelia Garcia, Rebecca Hoggar, Bridgida Ponce, Susan Sims	IMPROVING WITH IPADS The second grade teachers would like to provide iPad minis for our classrooms to enable our students with opportunities to advance in literacy, math, and technology. Many of our students struggle in these content areas and we want to provide hands-on intervention. iPad minis will increase student engagement, offer intervention support for struggling students, and enrichment for the accelerating students. Along with support, the iPads will enhance student's technology skills and offer a variety of educational applications.	\$4,000.00	<i>Buffalo Marine Service, Inc.</i>
JESSUP ELEMENTARY Maria Lucord	WHOLE LANGUAGE APPROACH First Grade Bilingual classroom will implement the new Whole Language Approach. This method is a way to develop in-depth thinking while engaging the hearts and minds of young children. It targets Bilingual At-Risk students and it is created so young children's learning is energized as they become part of a community of investigators and share the findings of their inquiry creativity to be encouraged, and their interests to be nurtured. Whole language approach integrates all subjects including English and Spanish language development helping Second Language Learners to overcome the fear and frustration for being exposed to bilingual literacy.	\$1,172.00	<i>ASA Dally</i>
KENDRICK MIDDLE SCHOOL Lori Muirhead, Jennifer Morton, Gaye Steakley, Heather Curd, Laura Rodriguez, Rhonda Rosenbaum, Chrystine Pellerin, Jada Washington	MYON READER - "JUST RIGHT BOOKS, 24/7" MyON Reader is a personalized reading program that offers students and their families access to over 8000 digital books. With MyON Reader, students will have access to books on their reading and interest level anywhere there is a device and internet connection. Matching funds for this grant include publisher packages that provide additional content specific to middle school. Access to MyON allows teachers to match reading material to a student's interests and needs for one-on-one or small group instruction. MyON also provides students with a wealth of high interest reading material which will motivate them to reading success.	\$4,000.00	<i>Marshall and Denie Kendrick</i>
MATTHYS ELEMENTARY Dania Garza, Amanda Watson, Rosanna Garza, Tammy Garza, Minerva Salazar, San Juana Flores, Cynthia Yzquierdo	REACHING FOR SUCCESS WITH IPADS Through the alignment of our Second Grade Curriculum, we will be using iPads as a reinforcement tool for childhood learning. Funding from this grant would be used to purchase 12 iPad devices for classroom use and implementation as educational tools. These iPads will be used for classroom activities, producing a fully digital classroom environment. Students will have access to numerous apps designed to heighten the learning and achievement in the classroom. Particular focus will be on differentiation of instruction, learning and providing students with an active, digital environment in which to connect with their work both in Reading and Math.	\$4,788.00	<i>Gulf Coast Educators FCU</i>
MATTHYS ELEMENTARY David Hudspeth	LEARNING THROUGH DRUM CIRCLES We want to provide authentic musical experiences in the elementary classroom; experiences that help to build community among classmates as well as the whole school. We want to offer the opportunity to create a drum circle for our students using authentic drums from around the world. This experience allows for students to learn how to properly play hand drums and well as learn how to improvise rhythms. We propose purchasing enough authentic world drums to allow at least one complete classroom set.	\$4,303.00	<i>Gulfgate Dodge Chrysler Jeep Ram</i>

2016 SPRING MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
MILLER INTERMEDIATE Andrea Luna, Catherine Leach	LIVE, LOVE, LITERACY "Live, Love, Literacy" will increase our struggling readers reading skills with high-interest nonfiction and fiction leveled readers that are correlated to math, science, and social studies objectives. The leveled readers will be utilized during PIE (intervention) time and with the dyslexia students to differentiate the student's instructional reading level during small group instruction in order for them to be successful at the next level. The leveled sets of readers will serve as a catalyst and provide supplementary, explicit, and systematic intervention to scaffold identified struggling readers to grade level proficiency.	\$4,950.00	<i>Pasadena Chamber of Commerce</i>
MOORE ELEMENTARY Marie Alanis, Angelica Perez, Cindy Walker, Sheryl Munn	ON THE BIG SCREEN "On the Big Screen" is a proposal to have a large retractable screen and projector installed on the stage in the school cafeteria to improve communication to all students, staff, parents and community members. In this "Digital Age" audiovisual media is an essential communication tool. Audiovisual material provides a rich medium for teaching and learning. Audiovisual resources increase the motivation of teachers and learners by adding clarity to the topic taught and make learning more interesting.	\$5,000.00	<i>Shell Deer Park</i>
MOORE ELEMENTARY Brittany Greuter, Melissa Hickman, Cheryl Ivens, Kelcey Davis, Gail Bailey, Esmeralda Munoz	KINESTHETIC CLASSROOM The "kinesthetic classroom" is a classroom proposal to create a more actively appropriate and engaging learning environment. This program will provide students with an array of equipment that will both boost brain function and interest level in classroom activities. This "kinesthetic classroom" will be beneficial to all students but will especially benefit students with ADHD and students who have a difficult time staying focused and on-task.	\$2,971.00	<i>Nestle Waters</i>
MORALES ELEMENTARY Ritu Gandhi, Jennifer Garza, Ana Villareal, Rebecca Erbrick, Edgar Munoz, Pat Lozano, Brenda Izaguirre, Roxanne Carbajal, Ghada Hashem, Joel Barrientos	A GARDEN OF EARTHLY DELIGHTS "A Garden of Earthly Delights" is a proposal to create a garden at Morales for the first time. The garden will be used to grow native plants, fruits, and vegetables. This will allow an environment for all to observe, discover, experiment, nurture, and learn. "The Greatest Health is Wealth" is the mission of our project. The project will open eyes of my students to a world that will motivate them to understand the benefits of staying healthy. It will also help students gain a higher level of thinking and enable them to create and design a garden of their style.	\$5,000.00	<i>McDonald's</i>
MORRIS MIDDLE SCHOOL Cynthia Stanaland, Rachel Maysey, Megan Szczsponik, Heather Smith, Cherrise Hammer, Betsy Kerner, Chuck Rosenbaum	POWER HOUR We use our breakfast and homeroom time as Power hour. Power hour has two purposes: to do intervention with students who are struggling in math, reading, and science and an extension with those students who are successful in core classes. The students are given a catalog of elective type classes where they have a choice in extending their learning in areas that interest them. The purpose of this program is to improve attendance, see growth in test scores, and to give kids the opportunity to develop a new interest.	\$3,700.00	<i>Rogers, Morris & Grover LLP</i>

2016 SPRING MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
MAE SMYTHE ELEMENTARY Angelica Siller, Susana Acosta, Adriana Esparza	TECH TOOLS FOR DIGITAL KIDS IN PRE-KINDERGARTEN Our young learners in pre-kindergarten are entering school with a familiarity to digital devices such as cell phones, iPads, tablets, computers and netbooks. Their young brains have been wired to access information on colorful, animated displays. As we look around the pre-kindergarten classroom, the technology support we offer these young learners is limited access to stationary computer stations for 3-4 students to use at a time. To better serve the young learners' needs in our classroom, it is necessary for them to access academic skills through the use of colorful, animated, and engaging apps.	\$4,788.00	<i>Brotherton Enterprises</i>
MATTHYS ELEMENTARY Gloria Duran, Kelly Cox, Maria Zavaleta, Holly Barber-Gatlin, Melinda DeLeon, Angelica Marroquin	ACTION LEARNING WITH GOPROS Using a gopro in the classroom can enhance our students' learning through visual literacy. Visual literacy can be defined as the ability to understand and produce visual messages. The students will show their understanding of a topic by producing products in textual, numerical, visual, audio and multimedia form. Both teachers and students can benefit by developing their abilities to create, use and evaluate visual resources. It will promote responsibility and cooperation because students will be responsible for caring for and using the gopro's properly. Also, having to work together to determine how to take turns while completing their projects.	\$3,500.00	<i>ASA Dally</i>
MATTHYS ELEMENTARY Matthew Rife, Veronica Deleon	LEARNING THROUGH MOVEMENT Action Based Learning Lab (ABLL) uses kinesthetic teaching strategies for specific academic concepts with proven results. Students engaged in ABL improve memory retention, reinforce academic concepts, balance brain chemicals while experiencing whole-brain, whole-body learning. The ABLL concepts are based on brain research supporting the link of movement and physical activity to increased academic performance. Motor development provides the framework the brain uses to sequence the patterns needed for academic concepts. With proper development and remediation, ABLL will help address gaps in learning, especially in minority students and second language learners.	\$4,945.00	<i>Meador Staffing</i>
MATTHYS ELEMENTARY Rebecca Berrospez	CLOSING AUTISM GAPS WITH IPADS In conjunction with our ABLE Curriculum, we will use iPads to aid in the instruction of our K-4 ABLE students. Funding from this grant would be used to purchase 3 iPad mini and cases. The iPads will be used for instruction and classroom activities, promoting a visual and digital learning environment. Students will engage in a number of different educational activities and apps that are intended to increase students' learning and achievement. Focus will be on increasing students' communication skills, sensory functions, and fine motor skills in which to improve their quality of life.	\$987.00	<i>Wayne and Pat Adams</i>

2015 FALL MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
MATTHYS ELEMENTARY Diana Rodriguez, Laura Paul, Gloria Mejia	IPADS FOR LEARNING Through the alignment of our Pre-K Curriculum, we will be using iPads as a reinforcement tool for early childhood learning. Funding from this grant would be used to purchase 12 iPad devices and teachers will be able to do activities that support the development of children. These iPads will be used in really creative ways to engage children in learning. Teachers need to be able to integrate technology into the classroom because not all students have technology at home and iPads will provide children with school readiness skills and help them become digitally literate.	\$4,790.00	<i>Community-Bank of Texas</i>
MATTHYS ELEMENTARY Dolores Perez, Becky Vargas	IGNITING THE LITERACY FIRE This multifaceted program will help build a community of readers by engaging every student, families, and staff in multiple common reading experiences. Activities will include a classroom book-of-the-month, lunch-time book club for 3rd and 4th grade students, family reading experience called one book, one school, and a culminating Family Literacy Night.	\$4,999.00	<i>Texas Bay Area Credit Union</i>
MORRIS MIDDLE SCHOOL James B. Goan, Angela Wright, Tina Jiminez, Myra Josey	PHOTO JOURNALISM AND PHOTOGRAPHY CLUB Morris Middle School has a Beginning Photography Club and The Trailblazer News Club both of which utilize students to take pictures and learn the rudiments of basic photography. Both clubs are instilling a love of photography and a corresponding journalistic narrative in students. The mission of these two programs is to encourage students to explore the world of journalism and photography as they further their education beyond middle school. They also can encourage students to discover sub-disciplines related to these clubs such as speech, radio, television, and editorial writing for magazines or newspapers.	\$4,615.00	<i>In honor of Anita Delafield</i>
MORRIS MIDDLE SCHOOL Michael McGarity, Diana Murray	FUTURE ENGINEERS OF AMERICA With the addition of class sets of Lego Education Robotics Kits, we will be able to expand our LEGO Engineering and Robotics program. This will allow our students to explore how programming may be integrated with the simple machines they are already learning about to creatively accomplish more complex tasks. Opportunities will also be available for more students to experience the joy of competing in an annual First Lego League competitions. Parents will also benefit from LEGO-build machines during Open Houses, Competition days, After School events, Community Nights and Career College Readiness.	\$3,450.00	<i>Chevron Phillips Chemical Co.</i>
POMEROY ELEMENTARY Alicia Sanchez, Lis Corado	IPADS FOR IOSTATION HELPS KIDS READ Learning to read, write, and follow instructions in one language is difficult for kindergarteners. Add in a second language and while the gains are amazing, the task is more than tripled. We are requesting iPads and headphones to help students improve their individualized learning programs in both languages by incorporating more station time and Accelerated Reading (AR). We are requesting tablets since young students have difficulties with a desktop and mouse system.	\$4,700.00	<i>Air Products</i>

2015 FALL MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
RICHEY ELEMENTARY Rebekah Bridges, Jessica Rangel	ORFF INSTRUMENTS FOR RICHEY Richey is the 3rd largest elementary school in PISD, with over 800 students. We have grade level programs for each grade (K-4). There are specific Orff instrumental techniques included in the TEKS for each grade level that students must learn. Currently we only have two Orff instruments between the two music teachers. A set of Orff instruments would allow students to learn these techniques that will not only satisfy these TEKS, but deepen their understanding of other musical concepts being taught in our curriculum, as well as other subject areas.	\$4,991.00	Shell Deer Park
RICHEY ELEMENTARY Mary Majumdar, Perla Tovar-Sandoval, Heidi Erber	RISING READERS Research shows that hearing a story while being able to track the text at the same time increases fluency, comprehension, vocabulary, and proficiency in reading. PlayAway Bookpacks contain a self-contained player featuring audio and a print version of a book. Providing students with this resource would be beneficial to all students, but would be especially advantageous for English Language Learners modeling correct pronunciation, pacing, and intonation while helping struggling readers become more proficient. This approach is in keeping with our Strategic Plans commitment to provide innovative learning experiences to meet the individual needs of each student.	\$4,998.00	Lyondell Basell
SAM RAYBURN HIGH SCHOOL Joy Brown Johnson	CHECK AND CONNECT-ATTENDANCE INITIATIVE Check and Connect is an initiative on the campus of Sam Rayburn High School to increase the attendance rate among our students. A selected team of teachers on campus will become mentors where they systematically CHECK student performance variables (e.g., absences, tardies, behavioral referrals, grades), while they also CONNECT with our most chronically truant students by providing personalized, timely interventions to help students solve problems, build skills, and enhance competence. Teachers will work with these students and their families for at least two years, functioning as liaisons between home and school and striving to build constructive family-school relationships.	\$5,000.00	Pasadena Rotary South
SPARKS ELEMENTARY Martycela Gamez, Myra White	JUMPING INTO LITERACY INTERVENTION The Hopscotch Spanish Intervention System is a program that focuses on progress in reading, fluency, comprehension, and writing. This Intervention System will allow us to meet the Bilingual Intervention and Bilingual Special Education needs of our Bilingual population. Both programs service students that are primarily Spanish speaking and below grade level. This Intervention System will help fill the skills gaps and advance students to be at grade level and meet district and state expectations.	\$3,230.00	Law Office of Dexter Joyner
STUCHBERY ELEMENTARY Tonya Davis, Lauren Nalepa, Laurie Chmarney, Jennifer Dowell, Bethany Granberry, Jessica Whitt, Cheryl Wilson	LITERACY ON YOUR LEVEL Reading is the basis of success for all children. Providing students with a strong reading foundation is critical to their success in other academic areas. Students struggling to read on grade level need additional support and resources. At Stuchbery, our goal is to increase the number of books in our leveled library so that all teachers will have access to additional titles for students grades Pre-K-4. The leveled books purchased with the Education Foundation grant will expand the current classroom selections and offer additional engaging titles in English and Spanish.	\$4,941.00	IBI Group

2016 SPRING MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
GARFIELD ELEMENTARY Nathaniel Martinez, Arelis Alanis, Priscilla Borbon, Teodoro Capistran, Douglas Davila, Judith Hernandez, Amelia Lenertz, Michelle Meadows, Jessica Requena, Jennifer Teichelman	LLI CAN READ is designed to assist struggling readers by improving their fluency, comprehension, and writing skills. The Fountas and Pinnell Leveled Literacy Intervention System (LLI Kit) is a small group, supplementary literacy intervention designed to help teachers provide powerful, daily, small-group instruction for the lowest achieving students. Through systematically designed lessons and original, engaging leveled books, LLI supports both reading and writing. The goal of our project is to bring students to grade level achievement by seamlessly integrating this daily intervention program to close gaps and save students from falling through the cracks.	\$4,750.00	CenterPoint Energy
GOLDEN ACRES ELEMENTARY Tonya Middleton, Mary Whitehead, Lisa Davis, Amy McClellan	SENSORY LAB FOR SUCCESS Golden Acres Elementary is lacking an appropriate sensory lab that meets the needs of our ABLE students. Sensory play is vital to the social, emotional and cognitive development of our ABLE students. Children learn best and retain the most information when they are actively engaged with their senses. A sensory lab would provide students with a space that prompts thinking creatively in order to solve problems or engage in social interaction through play. This project would aid our ABLE students in developing fine and gross motor skills, while enhancing their cognitive ability in their academic, social and emotional development.	\$2,418.00	Rosewood Funeral Home
KENDRICK MIDDLE SCHOOL Lori Muirhead, Echerika Compton, Leonel Rios, Roger Rudek, Melinda Connolly	CREATE, INVENT, DESIGN - LEARN A revolution is taking place in school libraries called the Maker Movement. The Maker Movement provides students with the opportunity, technology and materials to create, build, invent and design – to use their imaginations and be makers of things, not just consumers of things. With this grant, the Kendrick Middle School library hopes to provide the technology and materials that will allow students to become makers, seamlessly integrating STEAM education into their learning. The Kendrick Makerspace will strive to prepare students for the modern workplace where skills such as technology literacy, independence and creative problem solving are requirements for employment.	\$2,520.00	Phelps Insurance
LAURA BUSH ELEMENTARY Jacqueline Breed, Suzanne Anderson, Tonya Goan, Vanessa Gill	TEACHING WITH TECHNOLOGY "Be Connected" is a proposal designed to acquire portable technology to provide curriculum support for first grade students. We are seeking funds to purchase iPads for teachers to use in small group and whole group settings. Having this technology would provide them with access to tools to enhance lessons and motivate students, no matter where the instruction is being delivered. This would also give teachers the ability to access and input student data in any location.	\$4,980.00	Texas Bay Credit Union

2016 SPRING MINI-GRANTS

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
DR. KIRK LEWIS CTHS Nora N. Martinez, Elsa Cantu, Martha Matthews, Wilmar Montano	FLIPPING & BLENDING LEARNING IN THE LOTE CLASSROOMS This program is designed to provide resources to all of the Dr. Lewis CTHS LOTE classrooms, so that students can have technology products as tools they can use to research and be self-monitoring, self-regulating, self-motivated foreign language learners. As the PISD moves towards more personalized learning, and as the CTHS campus moves towards our goal of small grouping differentiated instruction via Blended Learning and Flipped Classroom models of facilitating instruction, this program will provide the tools we need to accomplish such a task.	\$5,000.00	Gallagher Barmore
FRAZIER ELEMENTARY Wendy Wiseburn, Pam Williams, Evelyn Baldauf, Becky Shelton, Kristina Ponce	FRAZIER ACTION-BASED LEARNING/SENSORY INTEGRATION LAB The Frazier Action-Based Learning and Sensory Integration Lab will be a collection of items geared toward meeting the various visual, tactile, auditory, and vestibular (movement) needs of our students so that they may successfully function in the classroom setting. Students with sensory sensitivities struggle with maintaining focus in the classroom because they have sensory needs that are either being overstimulated or under stimulated. By providing appropriate sensory materials, we anticipate a decrease in off-task behaviors and in an increase in focused learning for these students. We also seek to increase teachers' understanding of how sensory needs affect student behaviors.	\$4,986.00	IBI Group
FRAZIER ELEMENTARY Wendy Wiseburn, Paula Golden, Kristina Ponce, Patricia Singletary, Susan Blue, Virginia Light	THE GREAT OUTDOORS: FRAZIER ELEMENTARY'S NATURE CENTER AND GARDEN The Frazier Nature Center is an outdoor classroom designed to provide a rich environment for students to participate in hands-on learning, observations, and experiments. The Texas Essential Knowledge and Skills (TEKS) for science require 50-80% of student learning to be hands-on, preferably in an outdoor environment. The next phase of our project is to add grade level garden boxes, so that every student will have the opportunity to witness the plant life cycle first-hand. Under the guidance of teachers, students will be responsible for choosing items to plant, caring for them, and then harvesting them. Relevant learning at its best!	\$4,693.00	Garner Environmental Services, Inc
GARFIELD ELEMENTARY Melissa Thibodaux, Arisa Vargas, Tabitha DaSilva, Sandra Villarreal, Chelsea Parks, Edna Reyes, Courtney Merilatt, Jennifer Barnes, Melissa Istre, Jennifer Teichelmen	STOP, COLLABORATE, AND LISTEN Children love listening to stories! Audio books give children an important introduction to listening — a skill that they must master in order to learn to read. Hearing a book read on tape helps them see the words on the page can come alive in a fluid, expressive way, and provides a model of fluent reading by helping them focus on the sounds of words read. Stop, Collaborate, and LISTEN! will bring much needed listening stations to all Pre-Kindergarten and Kindergarten classrooms at Garfield Elementary to open doors for our young readers!	\$1,980.00	Gulfgate Dodge, Chrysler, Jeep

2015 FALL MINI-GRANTS ...continued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
TEAGUE ELEMENTARY Kristen Brodie, Stephanie Nix	TABLETS FOR SUCCESS Reading and Writing instruction has become less interactive and has made it more difficult for teachers to get the optimum level of engagement from students. For this reason, the implementation of tablet based programs and applications may provide more engagement which will lead to more student success. Tablets offer a wider range of options for Reading and Writing instruction as well as increased student engagement in these lessons. Collaboration with Writing would also be possible with the implementation of the tablets in the classroom.	\$2,246.00	Facilities Sources
TURNER ELEMENTARY Jackie Caver, Sharon Brown	LEARNING IN MOTION Kinesthetic learners need their bodies to be in motion in order to learn. Bouncing a ball while counting by 2's leads to higher retention of learning when a child is working on hand-eye coordination, math facts, and movement simultaneously. Physical movement calls upon the same neurons used for reading, writing, and math. Movement facilitates cognition, and movement with intention, anchors learning. Incorporating B0th Sides Up (BOSU) trainers in physical education at Turner Elementary will support cross-curricular learning while encouraging active behavior. The trainers will target core muscles, help with strength and balance, and increase academic performance.	\$5,000.00	Pasadena Chamber of Commerce
WILLIAMS ELEMENTARY Barbara Birkhead, Anthony McKinney	PORTABLE DIGITAL PIANO FOR SCHOOL PROGRAMS Elementary school music programs encourage student, parent and community involvement in school. School music programs draw parents to school to see their children perform. Parents invite friends, relatives and other community members to school performances. Music programs need excellent music pianos to accompany students with their songs and performances. A light-weight but full-size portable digital piano keyboard can easily be moved around for students performances and will always be perfectly in tune to accompany their singing.	\$745.00	Pat Pesl
WILLIAMS ELEMENTARY Norma Martinez, Ileana Alvarado, Verlene Ortega, Dana Sweeny, Samantha Whited	LEGO LEARN TO LEARN PACK "LEGO Education" is a hands-on proposal to provide the best physical resources fostering creative educational tool that helps primary school pupils to achieve curriculum goals with Design & Technology, Literacy, Math Science, and Humanities, while also building and reinforcing the most fundamental learning skills of the 21st century: Collaboration, Communication, Creativity, Critical Thinking and Problem Solving. Lie all classroom solutions from LEGO Education, this set of skills is based on "Constructivism", a school of thought pioneered by progressive theorists Jen Piaget and Seymour Papert.	\$4,500.00	Gallagher Barmore

2015 FALL MINI-GRANTScontinued

CAMPUS	MINI-GRANT NAME / ABSTRACT	AMOUNT	DONOR
SOUTH HOUSTON HS, MILLER INT., QUEENS INT., AND SOUTH HOUSTON INT. Patrick McCoy, Dwayne Lane, Justin Garney, Joshua Oliver, Corey Krampen	FUN FITNESS An epidemic of obesity is compromising the lives of millions of children; the problems reveal how much more vulnerable young bodies are to the effects of fat. In ways only beginning to be understood, being overweight at a young age appears to be far more destructive to well-being than adding excess pounds later in life. With one in three children in this country overweight, the health and productivity of an entire generation could be in jeopardy. For those ages 6 to 19 the rate of obesity has not just doubled, but has more that triple in the last 30 years.	\$5,000.00	ATHLETICS HALL OF FAME

PLAYGROUNDS FOR MOORE ELEMENTARY

Based on research, physical activity exerts a powerful, positive influence on students' physical health and emotional stability increasing their motivation and ability to learn. Providing playgrounds where students have opportunities for physical activity time during the school day can improve classroom behavior, increase student achievement, and more importantly create a healthier generation of children. Beyond the obvious benefits of providing a space to encourage students to be physically active during the school day, playgrounds encourage family and community engagement by providing places for families to be active outside of the school day.
